

How to Obtain a Permit

First make sure that your project is approved through the zoning department (if required)

Next (if contractor) ensure you have a City/Town business license

Then visit: <https://www.cciservicesllc.com>

Click Department of Building Safety tab at top right, then select the jurisdiction area.

Under the appropriate jurisdiction click "View Permits and Forms" Once there select the needed permit application.

Call/email our office if any questions.
